Two-Place "Cub" Monoplane Replaces Biplane As Training Ship

The Hangtown Hawks have a new set of "wings," a silver-coated "Cub" monoplane, replacing the biplane which had been their ship for the past year.

The new ship, purchased by J. H. Van Artsdalen, of Georgetown, and Jack Gianelli, of Placerville, was delivered about two weeks ago and now is available for student aviators on a rental basis.

F. F. Moran is helping the "fledglings" among the Hawks to get started in their aviation study.

The "Cub" has a 45 horsepower motor and a maximum speed of 85 miles an hour. It is a newer ship and in other ways, according to members of the Hangtown Hawks, is better suited to the needs of student aviation.

### Barts Oppose Roseville

W. & R. Club To Invade Placerville Sunday For P.-N. League Game

## STANDINGS

	W	L	Pct.
Folsom	5	2	.714
Auburn	5	3	.625
Colfax	5	3	.625
Loomis	4	3	.571
Roseville W. and R.	4	3	.571
Roseville Tigers	3	5	.375
Grass Valley	2	5	.285
Placerville	2	6	.250

With three more weeks of the regular schedule remaining, and two postponed games yet to play, the Bartlets are at home Sunday for a Placerville Nevada League game with the Wolf & Royer nine, Roseville's second entry in the league.

League-leading Folsom goes to Auburn and Colfax, in a tie with the Placer County seat team for second place, goes to Grass Valley, whose club climbed out of the cellar last week for the first time this year by trimming the Bartlets.

Loomis, tied with the Wolf & Royer nine which meets the Barts, will tackle the Roseville Tigers at Roseville, and although the Tigers are sixth in the league standing, they were able to take a 7 to 5 win from Auburn last week, so Loomis expects trouble.

Otto Perschke was a caller from near El Dorado Saturday.

Supervisor Cyril Heuser was a caller Saturday from Shingle.

Earl Phelps was among Camino visitors in the county seat Saturday.

### 800 AT RECEPTION FOR ROOSEVELT

Youngest Son Of President Wed Before Pastor Who United His Parents

NAHANT, Mass. (AP)—The youngest Roosevelt of the presidential family was married today by the clergyman who united his mother and father more than 30 years ago.

John Aspinwall Roosevelt took as his bride Anne Lindsay Clark of Boston, blond New England debutante.

A socially select gathering crowded the century-old Nahant Union Church as a simple Episcopal ceremony was read by Dr. Endicott Peabody, headmaster of Groton school. The President of the United States and Mrs. Roosevelt watched from the front pew. Other members of the Roosevelt clan were present.

At the conclusion of the church services, the bride couple, attendants, President and Mrs. Roosevelt and others drove to the Nahant Club, where a reception was given after the wedding for 800 persons. Later the attended the wedding breakfast for 36 members of the family and the wedding attendants.

The couple was scheduled to depart late today on a short wedding trip. Later in the month they will go to Europe for two months. They will return in August and John will go to work as a member of a Boston advertising firm. They will live in Brookline.

### This Man's Drunk, Drunk Or Sober

CHICAGO, (AP)—Policeman George Lend found a man sleeping outside his station today.

"Who are you?" Lend asked.

"I'm Drunk," was the reply.

"I thought so," Lend snapped. "But what's your name?"

"I'm Drunk," the sleeper insisted.

The sleeper finally convinced Lend he was Carter Drunk, a plumber.

### (Editorial)

Let's Vote Again

The question of what is to be done to relieve overcrowding at the high school presents an issue which is too large a matter to be settled by a vote of twelve per cent of the voters of the county.

With only 809 votes cast out of approximately 6,500 who were eligible to vote, it does not seem reasonable to believe that the results of Friday's special election constitute a considerable cross-section of the community opinion.

We are unable to explain the light vote, but in view of the importance of the question to the county as a whole, it would appear that something developed to keep a large number of voters from the polls.

Upon the contention that the total votes cast can hardly be said to express the wishes of the total number of voters who were eligible to vote, The Republican believes that the governing board of the high school should submit the matter again to the voters.

### Merchants Go To Colfax

Meet Alta In Game Winding Up First Half Of Foothill League Schedule

## STANDINGS

	W	L	Pct.
Georgetown	5	1	.833
Folsom	5	1	.833
Forest Hill	4	2	.667
Newcastle	3	3	.500
Placerville	3	3	.500
Alta	2	4	.333
Auburn	1	5	.167
North San Juan	1	5	.167

The Foothill League halts its regular schedule this week and goes back to the beginning of the baseball year, to play the first round of games, which was postponed owing to bad weather.

This course was decided upon by league officials owing to the circumstances that Georgetown and Folsom are tied for the league leadership and Sunday's round of games may break the tie.

Although the Merchants were regularly scheduled at Newcastle this week, the change in the schedule sends them to Colfax to meet the club from Alta.

### New Destroyer To Join Fleet June 22nd

WASHINGTON, (AP)—The 1500 ton destroyer McCall will be commissioned about June 22 at the Mare Island, Calif., navy yard, under the command of Lieut. Comdr. J. E. Welchel, Washington, D. C., the navy department announced.

### MAJORITY LACKS 13 BALLOTS

Only Twelve Per Cent Of Electors Go To Polls In Special \$95,000 Election

The proposal to issue \$95,000 in bonds for enlargement of the county high school to relieve overcrowding which has been apparent for several years, failed of the necessary two-thirds majority by thirteen votes, in the special election Friday.

Unofficial returns, collected from all voting precincts by B. E. Larson, high school principal, gave the following totals:

Aye: 527.

Nay: 282.

The total of votes cast was 809—a fraction more than twelve per cent of the 6,500 electors who were eligible to vote.

The election was conducted at fifteen polling places throughout the county and the proposal trailed at El Dorado, Georgetown, Mt. Aukum, Willows and Pilot Hill.

Pilot Hill was the last precinct to report, and proponents of the bond issue were hopeful that the returns might be sufficient to authorize issuance of the bonds. The vote in this precinct was four in favor as against 15 against.

Mt. Aukum district voted 22 votes, all of them against the bond issue. Placerville recorded only 369 votes, Diamond Springs only 46, Georgetown but 81, Camino only 39 and Lake Valley only 10.

The governing board of the high school, faced with the probability of an over-crowded school in September and wondering what to do about it, will meet Friday at one o'clock to canvass plans.

The vote by election precincts follows:

	Yes	No	Total
Placerville	243	126	369
Diamond Springs	40	6	46
El Dorado	13	26	39
Shingle Springs	14	5	19
Tennessee	15	1	16
Coloma	43	10	53
Pilot Hill	4	15	19
Georgetown	38	43	81
Pino Grande	25	2	27
Camino	38	1	39
Smith Flat	36	6	42
Pleasant Valley	10	4	14
Mt. Aukum	0	22	22
Willow	2	11	13
Lake Valley	6	4	10
Totals	527	282	809

With 810 votes cast, the result would have had to be at least 540 "Ayes" and not more than 270 "Nays" to obtain the necessary two-thirds majority.

The Golden Text: "Our help is in the name of the Lord, who made heaven and earth" (Ps. 124: 8). Other Bible citations include: "Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear" (Hebr. 11:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Theorizing about man's development from mushrooms to monkeys and from monkeys into man amounts to nothing in the right direc-

tion and very much in the wrong . . . Spirit can form no real link in this supposed chain of material being. But divine Science reveals the eternal chain of existence as uninterrupted and wholly spiritual; yet this can be realized only as the false sense of being disappears" (p. 172).

The centennial service will be held during the regular triennial convention of churches of the Lutheran Missouri Synod which is now meeting at St. Louis.

### RESECTION OF THE RAMUS HELPS CORRECT CHIN DEFECTS

PHILADELPHIA, (UP)—An operation used by dental surgeons to correct jutting or receding chins was described at Temple University Dental School at a program celebrating the school's 75th anniversary.

Dr. James R. Cameron, professor of oral surgery, said the operation was known technically as resection of the ramus, the short "handle" of the lower jaw which locks with the upper jaw in front of the ear.

The ramus is cut horizontally and the jaw moved forward or backward as much as half an inch, then the teeth are wired together until the bones knit, according to Dr. Cameron.

Originally the operation was used to help the chewing position of the jaws, he said, but the improvement in appearance effected for persons with unsightly chins has become another reason.

## PARADE OF SPORTS

By HENRY McLEMORE  
(United Press Staff Writer)

SPECULATOR, N. Y., (UP)—The human thumb, heretofore considered important only to Little Jack Horner, hitch-hikers, and baseball umpires, threatened to become the paramount issue in the world's heavyweight championship fight between Max Schmeling and Joe Louis.

The thumb, an unattractive and uninspired appendage at best, rose from obscurity to prominence yesterday when Schmeling inspected the boxing gloves which Joe Louis plans to use in defense of his title in Yankee Stadium Wednesday night.

The gloves were brought to Schmeling's camp by Tom Farley, brother of Jim and a deputy inspector of the New York Boxing Commission. The German had no more than slipped his hands into the gloves than he started a storm of protest that all but brought white caps to the surface of Lake Pleasant, which encircles his Bucolic bungalow.

"Look at the tums! Look at the tums!" He cried in English which is as unbroken as the pitcher that went to the well too often.

All the thumb connoisseurs in the room rushed forward as one man (which is the way they should have rushed forward, being as there was only one) and studied the thumbs.

They were of abnormal length and when Schmeling doubled up his fists the thumbs protruded fully an inch beyond the knuckle surface.

"Dot iss not goot. Dot iss not right. I vont stand for dat," Max yelled.

To those familiar with the unimpaired practices of the manly art, Schmeling did not have to explain his fear of the long and sinister thumbs. Since man has been fighting with his fists there have been those gladiators who, intentionally or otherwise, poked their thumbs into the eyes of their opponents. Schmeling did not come out and say that Louis would do such a thing next Wednesday night, but it was plain that he did not want Joe to be tempted by the extraordinary long thumbs of the gloves.

Schmeling will make a determined stand for gloves of the same design: he has used in all his fights in this country; a glove whose thumb folds snugly against the clenched fingers and provides a smooth, unbroken hitting surface. Max would not listen to those boxing writers who pointed out (and naturally, too) that Louis has an abnormal set of thumbs. The challenger seemed to take this as a personal affront to his own thumbs and, holding them proudly in the air, he boasted they were just as long as the thumbs of any man who ever lived.

In a burst of confidence Max challenged anyone in the room to a thumb matching contest, and promised to bring a dachshund the next time he crossed from Germany to the man whose thumbs topped his.

His challenge was accepted by all the dachshund lovers in the house, and for fully fifteen minutes the tape measure was passed from thumb to thumb. No one was able to top, or even equal the challenger, whose thumbs are of about the size of the average brook trout.

Max, and his trainer, Max Machon, said the new gloves would be protest-

### McADOO RE-ELECTION CAMPAIGN OPENS ON TUESDAY

United States Senator William G. McAdoo will make his first public appearance in his Northern California campaign for re-election as the guest of honor at a reception at the Palace Hotel, San Francisco, next Tuesday afternoon, June 21, from 4 to 6.

Invitations to the gathering are being sent to more than 2500 prominent democrats by H. Hyer Whiting, general chairman of the McAdoo campaign committee for Northern California.

The reception is sponsored by the Democratic state central committee, the democratic county central committee of San Francisco and the Northern California McAdoo campaign committee.

ed, and the boxing commission asked to force Louis to employ the standard fist outfit. The real howl over the Louis gloves is not expected to break until Joe Jacobs, the German's manager, gets a look at them.

A former world's champion at making mountains out of molehills, Jacobs is sure to see in the gloves, not only a menace to his fighter, but a violation of the constitution, a reversal of the Dred Scott decision, an insult to the American flag, and an abuse of the pure food and drugs act.

### TWO WOMEN AND CORSET TOO MUCH FOR BACHELOR JUDGE

CLEVELAND, (UP)—Municipal Judge Lewis Drucker, a bachelor, blushed when asked to inspect the fit of a woman plaintiff's corset.

The request was made by Mrs. Mary Scanlon and Mrs. Mary Meyers. They are owners of a corset shop.

Mrs. L. W. Dubois filed a suit against the shop.

She desired to recover \$10—the price of a corset which she alleged "broke down."

It was not so much the fact that the corset failed, but the occasion on which it gave way that embarrassed Mrs. Dubois.

She was attending a concert. The corset "broke."

Mrs. Dubois said she was forced to leave in considerable haste with her coat wrapped tightly around her.

In court, Mrs. Scanlon and Mrs. Meyers contended that the corset fit perfectly.

They suggested that they retire to the judge's chamber. They wanted him to examine the corset on Mrs. Dubois. Then he was to hand down a verdict on its fit.

This was too much for Judge Drucker. He continued the case.

### Annoyed At Prayer, Man Breaks Church Windows

CAMBRIDGE, Mass., (UP)—Because William H. King, 34, didn't like the way the congregation prayed at services in the Full Gospel church, he kicked in 19 panes of glass in the church, District Judge Arthur P. Stone was informed.

Police quoted the defendant as saying that the praying "annoyed" him and he thought he "ought to put a stop to it."

their summer homes to attend and take part in the program.

Commemoration of the stage service anniversary will come following the exercises when a procession headed by a stage coach will proceed across the new Webber creek bridge. Second in line, symbolizing a later development in travel over the route, will be a pony express rider, and he will be followed by a caravan of motor cars provided by El Dorado County automobile dealers, as exemplifying the modern travel over the route.

The motorized section of the procession will continue over the new route to its junction with the old road below El Dorado, and will then retrace the route to Clark's Corners and to Placerville.

A luncheon for the visiting dignitaries will be served at Hotel Raffles.
